Who we **Are.**

Background

The foundation was born following a life-threatening accident survived by its founder. Emerging from the experience unharmed sparked a powerful realization about the fragility of life and the importance of purpose. Motivated by gratitude and a renewed sense of responsibility, the founder created Grift of Hope Foundation as a platform to restore hope, uplift vulnerable children, and help them access opportunities they might otherwise never have.

Grift of Hope Foundation is a non-governmental organization dedicated to improving the lives of vulnerable children who lack access to essential services such as education, adequate nutrition, healthcare, safe shelter, and proper sanitation.
